Market Vendor Sponsorship – Vendor fees are an important part of the income that allows the Farmers Market to operate. Fees are used to improve market infrastructure, increase attendance through marketing, printing of informational materials and signage, etc. However, fees are not meant to prohibit anyone who genuinely wants to participate as a vendor but cannot afford to pay the space fee. We have some vendor space sponsorships available that are paid for by supporting local businesses and community members.

I would like to be considered for a Regular Market Vendor Sponsorship of \$75 (half price for one full season space). I will send in a brief description of my situation and business to: info@thefarmersmarketatlibby.com

I understand that not all sponsorship requests will be able to be filled, but that I will be informed via email either way.
